Precast/Prestressed Concrete Institute Moves Headquarters; Remains in Chicago

CHICAGO, July 7, 2020 – The Precast/Prestressed Concrete Institute’s office has moved from downtown Chicago to the northwest side of Chicago. The location's proximity to O'Hare International Airport will be more convenient for PCI members and others who visit. All current telephone numbers and email addresses for PCI staff will remain unchanged. The new address is:

8770 W. Bryn Mawr Ave.

Suite 1150

Chicago, IL, 60631

About PCI

Founded in 1954, The Precast/Prestressed Concrete Institute (PCI) is a technical institute for the precast concrete structures and systems industry. PCI develops, maintains, and disseminates the Body of Knowledge for the design, fabrication, and construction of precast concrete structures and systems. PCI develops consensus base standards, industry handbooks, quality assurance programs, certification, research and development projects, design manuals, continuing education and periodical publications. PCI members include precast concrete producers, erectors, suppliers, professional engineers and architects, educators, students, and industry consultants who complement the wide range of knowledge of precast concrete. For more additional information, visit pci.org.
